

**SHOOTERS HILL
POST 16 CAMPUS**
VALUE £7M
LONDON BOROUGH
OF GREENWICH

Refurbishment of this post-16 learning facility was meticulously planned and completed by Lakehouse over four phases, enabling the campus to remain operational throughout. Extensive refurbishment and fit-out works were carried out to a very high specification under tight timescales, enabling students to enjoy facilities including a Cyber Café, Wella Hair & Beauty Salons, Catering & Hospitality Kitchens and a Learning Resource Centre.

**GORDON PRIMARY
SCHOOL**
VALUE £2.7M
LONDON BOROUGH
OF GREENWICH

This 18-month improvement scheme included the construction of a new sports hall and the complete refurbishment of the existing school.

Work was phased to accommodate the needs of staff and pupils who remained in occupation throughout the works.

Lakehouse was responsible for the creation of this steel and timber-framed RIBA award-winning nursery school. An enclosed courtyard was created to connect children fully to nature and daylight, combining imaginative use of soft play facilities with stunning mirrored sculptures and grassed mounds.

This project received Local Authority Award by the British Construction Industry in 2006.

**JOHN PERRY
NURSERY SCHOOL**
VALUE £1.2M
LONDON BOROUGH
OF BARKING AND DAGENHAM

**LONDON SOUTH
BANK UNIVERSITY**
VALUE £1.1M

Phased over two years, with works taking place during the six-week summer vacations, Lakehouse undertook the refurbishment of four separate halls of residence for the London South Bank University.

The fast-track upgrade of cluster flats included new kitchens and shower areas, flooring, lighting, redecorations and bedroom furniture.
