

**PROJECT** EXTENSION & REFURBISHMENT OF ARCHWAY EARLY YEARS CENTRE  
**CLIENT** LONDON BOROUGH OF ISLINGTON  
**VALUE** £280K  
**CONSULTANT** LONDON BOROUGH OF ISLINGTON

Fast-track extension, internal alteration and refurbishment were the requirements of the London Borough of Islington, in delivering a welcoming and safe place for the Archway Early Years Centre, in North London.

The airy, spacious facility has enabled Islington's Early Years Service to continue its excellent work in strengthening local families and communities and making a real difference to children's life chances.

Clever use of coloured Sto render and contemporary lines resulted in the provision of facilities designed to inspire and encourage parents and children of six months rising to five.
