CLAVERINGS INDUSTRIAL
ESTATE, ENFIELD

APPROACH TO INDUSTRIAL

At Lakehouse we have the ability and experience to provide a superior new build and refurbishment service to the industrial sector, especially for buildings that combine office space with storage, laboratory or light engineering facilities.

Whatever the form of procurement or construction process, we have the skills required to deliver to budgets and deadlines, even in the most demanding circumstances. Our commitment to meeting the needs of our clients means that they can continue to be fully involved but free to run their businesses, safe in the knowledge that we have the ability to solve problems and apply innovative solutions.

**WE HAVE THE SKILLS AND ABILITY
TO DELIVER, EVEN IN THE MOST
DEMANDING CIRCUMSTANCES**

INDUSTRIAL TEAM

Throughout Greater London and the Home Counties we have developed a strong supply chain and an established network of specialist sub-contractors that we can call upon to support our own people.

Our commitment to training and development extends to our supply chain and we provide support and advice to our partners, sharing experiences and best practice.

Programme management, best value procurement and sound logistics are all strong attributes of the Lakehouse team.

SUSTAINABILITY

As our business grows, so does our commitment to create sustainable communities. To Lakehouse this means championing and developing local businesses, employing local people and supporting local supply chains.

We work with our clients and suppliers to provide training and employment opportunities. Our close involvement with professional partners, industry bodies and community groups enables us to assist and promote their own social and environmental initiatives through sponsorship and support.
