

**PROJECT** DESIGN & BUILD OF TIMBERCROFT PRIMARY SCHOOL  
**CLIENT** LONDON BOROUGH OF GREENWICH  
**VALUE** £770K  
**CONSULTANT** LONDON BOROUGH OF GREENWICH

Lakehouse was selected to create a new single storey Early Years Centre within the existing Timbercroft Primary School, in Plumstead.

Clever use of face brickwork, curved Sto render facades, full height glazed cladding, and concrete tiled roofs and cladding have resulted in the creation of a bright, inspirational facility for teachers and children alike.

One of Timbercroft Primary School's missions is to provide a quality learning environment and the contribution of Lakehouse in delivering the new Early Years Centre has done just that for the local community.
